How to order

1. **Teacher:** decide which iPads will use it. A small group can share one iPad. A class where every child has an iPad needs one copy per iPad.
2. **Purchaser:** in Apple School Manager, open Apps and Books and search for “Grandpa's Time Machine” or ID 1265813491. Choose the location and quantity, check the total, and buy. Ordering opens on December 10, 2026.
3. **IT:** assign the licenses to devices in your MDM and install the app. Device-based assignment means children don't sign in with an Apple Account. Try one iPad first.
4. **Later:** when iPads change, reassign the licenses in your MDM.

Price

Apple shows your school's exact price in Apple School Manager. When a school buys 20 or more copies in one purchase, Apple's education price is half the listed App Store price. Fewer than 20 copies are at the regular price.

The U.S. App Store price is $2.99 until December 31, 2026, and $6.99 from January 1, 2027. Other countries have their own local prices.

U.S. example	Until Dec 31	From Jan 1
1 shared iPad	$2.99	$6.99
8-iPad station	$23.92	$55.92
24-iPad class set, education price	about $35.88	about $83.88

Examples before tax. The total in Apple School Manager is the price that applies.

For your approval review

- No ads, no in-app purchases, no accounts and no sign-in.
- Fairlady reports to Apple that the app collects no data. See the App Store privacy label and our privacy policy.
- Links that leave the app, such as the App Store and email, sit behind a grown-up check.
- Grown-ups can choose which activities are included in the game's Settings.

Questions we can answer

If your school or district has a privacy, accessibility or app-review questionnaire, send it to us. Tell us how your iPads are set up, including shared carts and offline use, and we'll answer for that setup.

Our other paid Grandma and Grandpa apps can be bought the same way, with the same education price for 20 or more copies. Search for Fairlady Media in Apple School Manager.
